Introduction

Participate to receive certification in the KRI Level 1 International Teacher Training Program, as originally taught by Yogi Bhanan, or to immerse yourself in the science of Kundalini Yoga. Learn meditation skills and Kundalini Yoga exercises to take you to the next level of awareness, clarity and high performance in your life.

Benefits of this course:

- You will receive a thorough grounding on all the basics of Kundalini Yoga.
- This course is a blend of lecture, reading, and exercise to give you a powerful, deep experience.
- Personal guidance and feedback in key teaching skills will be given.
- You will be introduced to a network of people committed to self-improvement, healing and professional development.
- Receive professional certification that meets the requirements for the 220-hours Yoga Alliance membership, and internationally recognized certification with KRI and IKYTA.
- Train with experienced, professional and knowledgeable yoga instructors.
- Excellent teaching materials are included in the cost of the course.

Reasons to take this training:

- These techniques provide you with a lifetime of benefits and tools that allow you to maintain your flexibility, balance your glands, tone your muscles, and switch your mood, state of mind and level of energy in a few minutes.
- The world is changing. Kundalini Yoga is a technology to raise our consciousness to a level where we can recognize our connectedness and live for one another.
- There is no better way to learn than to teach and share. An excellent way to master something is to practice it and teach it.
- The new millennium is here; leaders and teachers are needed and are in high demand. Kundalini Yoga will help give you the stamina, courage and insight to manifest your highest potential.

Be prepared:

- There is work in this course – make a commitment to excel in it.
- Write into your schedule all the weekends, reading time, home practice time, times for classes, etc.
- This is an intensive training program, and it is totally worth the effort!
- Because Kundalini Yoga is a powerful system for transformation, be prepared for your life to change.

10. Graduation ceremony
To be announced.

Course Contents

Postures: Exercises for Strength and Healing

- How to avoid common errors - modifications for limited mobility and health, strength and flexibility; avoiding injury, e.g., to the neck and back; avoiding R.S.I. (repetitive strain injury) that can sometimes show up in wrists and knees.
- How to get maximum value from each posture - form and alignment precision to attain the full expression of each exercise.

The Power of the Word

- The science of sound - how to get the most value from chanting; understanding the mechanisms by which it works.
- The use of the Word to heal, transform and uplift.
- Overview and experience of different forms of mantra meditations. Kundalini Yoga incorporates dozens of mantras, each with its own vibratory effect. Mantras can be used for very specific purposes. Some will enhance our magnetic field or balance the tattvas (elements); others can open the heart chakra or strengthen the navel center. Specific mantras may develop courage or improve interpersonal communication.
- While we use postures, philosophy, breathing and relaxation, it is the scientific use of sound that most distinguishes Kundalini Yoga from other forms of yoga.

Yogic and Western Anatomy

- In this course, you will gain an understanding of how the respiratory, nervous, immune, musculo-skeletal, circulatory, endocrine, and digestive systems function and how they are influenced by the practice and teaching of yoga. In addition to traditional Western anatomy, you will learn about Yogic anatomy and the energy systems of the body, including the chakras, the nadis, the pranas and vayus, and the five koshas (yogic sheaths). We will also explore the relationship between Western anatomy (the physical body) and Yogic anatomy (the subtle body) through practical yoga exercises, breathing practices, and relaxation techniques.
- Learn the necessary anatomy for teaching yoga and understand how it works through the physical body. There will be a strong emphasis on many of the therapeutic aspects of Kundalini Yoga and meditation.

- Learn how specific yoga exercises can rejuvenate the vital organs.
- A study of the Chakras and the Ten Bodies; Prana, Apana, the Nadis and Kundalini energies and how this subtle anatomy relates to and overlaps the physical body.

History of Yoga

- A survey of its roots and current day applications.
- Introduction to the Yoga Sutras of Patanjali, the Vedas, Upanishads and the Bhagavad Gita.
- The historical stages and the development of yoga in general and Kundalini Yoga specifically.
- This section of study is particularly useful for both your own understanding and because students will ask you many questions about yoga and the more you know, the more you can serve.

Yoga Fundamentals

- This comprehensive introduction to fundamental yoga techniques gives you tools and concepts essential for a thriving personal practice. This covers:
 1. physical practice of yoga asana
 2. the basics of yogic breathing practice called pranayama
 3. the practice of the three major locks called bandhas
 4. the power of word and sound in yogic mantra practice
 5. the use of hand and body positions to direct the flow of energy through directed use of mudras
 6. the nature and purpose of meditation
 7. the effects and practice of relaxation techniques

Yoga Philosophy & Lifestyle

- Yoga practice comes from a rich historical, philosophical and literary tradition that addresses and enriches all areas of life. In this educational module, you will learn about the psychology, philosophy and history of yoga, its literary and cultural heritage, and the basic concepts that underlie all yoga practices. From this basis, you will learn how to practically and effectively integrate the teachings of yoga into your life in interpersonal relationships, your personal health and hygiene habits, and your daily diet.

Foundations of Kundalini Yoga

- This provides hands-on training so you can build a strong personal practice. Students will explore the theory and practice of asanas (postures) and kriyas (yoga sets), as well as learn the basics of meditation and mudras.

Techniques of Kundalini Yoga

- This module develops the skills and techniques to become a skilled practitioner and teacher of yoga. Students will explore and practice the techniques of Kundalini Yoga as they apply to healing and humanology (the science of daily living), as well as the transformational role of the teacher in developing a successful yoga practice.

Teaching Methods of Kundalini Yoga

- The methodology of teaching yoga includes practical suggestions for teaching beginners, ethical guidelines for teachers, the language of teaching, student-oriented teaching

techniques, curriculum development, and the role of a teacher. In addition to 18 hours of in-class lecture and practice, two outside hours are spent in developing a curriculum for your own teaching purposes. The emphasis of the module is learning and implementing practical methods that create a successful learning experience for yoga students.

Classroom Practice in Kundalini Yoga

- The classroom practice module develops an appreciation and understanding of yoga from a teacher's perspective. You will attend 20 Kundalini yoga classes with a certified teacher and record your observations and experiences as you begin to develop your teaching skills. In addition, you will participate in five early morning Sadhana classes.

Teaching Practicum in Kundalini Yoga

- The teaching practicum provide practical experience in instructing a yoga class. You will teach in small groups with fellow students under the supervision of a KRI Yoga Teacher Trainer. The teaching groups will give feedback to each other, and you receive a written evaluation about your teaching experience from a KRI Yoga Teacher Trainer. In addition, you will be given the opportunity to practice teaching skills with your fellow students in study groups. Finally, you will teach a public yoga class of your own time and choosing.

Kundalini Yoga: The Chakras

- We will examine the major and minor chakras (energetic centers) in the context of a yoga practice, with practical considerations given to the effects of various asanas, meditations, and yoga practices on specific chakras.

Kundalini Yoga: Ten Bodies

- We will discuss the concept and use of the ten yogic bodies (physical body, soul body, pranic body, subtle body, and radiant body, arc line, aura, and positive, negative and neutral mind) in practicing and teaching Kundalini Yoga.

White Tantric Yoga

- You will experience a cleansing meditation practice done in a group setting with a partner. For more information about White Tantric Yoga, visit their website at www.whitetantricyoga.com.

Yogi Bhajan & Kundalini Yoga

Yogi Bhajan, Master of Kundalini Yoga arrived in the United States in 1969 with a stated purpose: “*I have come to create teachers, not to gather disciples*”. He then travelled internationally teaching Kundalini Yoga, the Yoga of Awareness.

In 1969, Yogi Bhajan founded 3HO - the Happy, Healthy, Holy Organization, based on his first principle “Happiness is your birthright”. Through 3HO and the Kundalini Research Institute (KRI), Yogi Bhajan has trained thousands of Kundalini Yoga teachers. In 1994, 3HO founded the International Kundalini Yoga Teachers Association (IKYTA), to further spread these priceless teachings through the united efforts of Kundalini Yoga teachers worldwide. Yogi Bhajan passed away in October 2004, but leaves a legacy of teachings and inspired teachers to serve and uplift humanity through Kundalini Yoga.

What are IKYTA & KRI?

The International Kundalini Yoga Teachers Association (IKYTA) is the professional organization of certified Kundalini Yoga Teachers. Members receive such benefits as education program opportunities, newsletters, product discounts, and listings in web directories. The Kundalini Research Institute (KRI) administers the certification standards for Kundalini Yoga Teachers and is the review agency for materials, manuals, and other products developed to support the teachings of Kundalini Yoga. The Teacher Certification program is open both to yoga students ready to become teachers and those who wish to immerse themselves in the science of Kundalini Yoga as originally taught by Yogi Bhajan.

Testimonials from Previous Graduates

I signed up for the course with the intention of expanding my knowledge and deepening my spiritual practice for personal reasons first, then teaching and sharing second. The course far exceeded my expectations and has proven to be the beginning of a beautiful journey.

A.N.

It has given me the higher learning that I have always wanted. Now I have a good path to follow and a way to help others in a meaningful way. If you want to get healthy in every way, and feel peace and contentment in your life, take this training course.

J.F.

There is not a facet that Kundalini Yoga has not positively impacted. Mind, Body, Soul, Relationships & Career have been improved in a way I never imagined. Lightness, strength and love fill my every breath. I have learned to love me. The teacher training has given me the precious gift that nothing else could, Self-Love. Hey world, I love me!
